Primavera del Conegliano Valdobbiadene Prosecco

Landscape, food and wine, history and culture of a land: these are the key words that merge into a single itinerary, the Primavera del Conegliano Valdobbiadene Prosecco.

An initiative that, for almost three decades, has not been a simple food and wine event but a journey through beauty to discover the places where the skilful art of Conegliano Valdobbiadene Prosecco Superiore D.O.C.G. wine-making was born. Here the *"savoir-faire"* is combined with an environment that is unique in the world, to the extent that it has been named a World Heritage Site.

Primavera del Conegliano Valdobbiadene Prosecco is ready to present itself to the public with the traditional 16 Wine Exhibitions, organised in the area from Valdobbiadene to Conegliano, from Vidor to Fregona. They create a calendar full of unmissable opportunities to get to know the region and its historical, cultural and food and wine riches.

It will be an honour for our volunteers and partners to welcome tourists and locals, to guide them through nature hikes, walks through the vineyards, refined wine tastings and delicious traditional dishes to get to know this evocative and breathtaking landscape!
